Aperiomics' Xplore-PATHOSM Test Pricing Sheet

90% of Microbes do not grow on a standard 'culture' method of testing, therefore cannot be identified.

Meanwhile, Aperiomics can identify **100%** of Microbes known to modern science- including every bacteria, virus, fungus, and parasite.

We have served over **1,300** patients, partnered with over **450** doctors, in **18** countries.

Let us now serve you

Xplore-PATHOSM Collection Kit Menu:
